

Come join us for
A day with **MITCH** and **ALAN**

Mitch Carmody and Alan Pedersen are two of the most in demand speakers and presenters on grief and loss. Their workshops are standing room only. "A day with Mitch and Alan" is a combination of Alan's powerful music and Mitch's incredible art, wrapped around love, laughter and healing. These two bereaved dads have very busy schedules, we are fortunate to be able to host one of the few joint events they will conduct this year.
