

Welcome to Bobby's Place

Nothing compares to the loss of a child. We understand your pain because we experienced it ourselves. It was our struggle to deal with the loss of our son, Bobby, which inspired us to reach out and help others by establishing The Bobby Resciniti Healing Hearts Foundation. From our pain arose a place of healing, where families can go for support, compassion and the help they need to begin the healing process. We named this haven "Bobby's Place" as a tribute to our son taken too soon, as well as to serve as "the place" where help, healing and hope can be found by families seeking some semblance of peace.

We're Here To Help You Heal

Helping the healing process begin for families dealing with the loss of a child is the mission of The Bobby Resciniti Healing Hearts Foundation.

If you or someone you know is struggling with this heartbreaking loss, come to the place of comfort, compassion and the support of those **you** truly understand.

Come to Bobby's Place.

Bobby's Place

A SAFE HAVEN FOR FAMILIES
FACING THE LOSS OF A CHILD

Where healing begins

Understanding the Overwhelming

Bobby's Place offers a haven for healing where families dealing with the loss of a child can meet, share and support each other as they face a fate no parent should know. Along with this comforting camaraderie, our knowledgeable grief counselors provide FREE support services to help parents and siblings learn to live with their loss.

- Our Parent Support Group meets twice a month to provide parents with an ear to listen, a hand to hold and the voice of wisdom as they face the emotions and issues related to the healing process. The group comes together under the guidance of a licensed grief counselor.
- Our Sibling Support Groups are designed to help young people understand, cope and accept the loss of a brother or sister. We offer a variety of groups to deal with the unique issues and feelings facing siblings of different ages. A licensed grief counselor facilitates all groups.
- Individuals in need of personalized attention are welcome to meet privately with our psychologist, Dr. Tina DiCicco Reynolds. She is available for **personal** appointments at Bobby's Place, her office in **Pembroke Pines** or by telephone.
- We also offer exquisite portraits and pendants that capture the beauty of lost loved ones. These are our gifts to parents to help them cherish the memory and magic of their child. These works of art are available to families living both locally and nationally.

Preserving A Dream, Providing A Way

Bobby's dream was to become a Sheriff someday. To fulfill his hope for others with this ambition, we have established The Bobby Resciniti Healing Hearts Scholarship at Palm Beach State College for Criminal Justice students. **We also strive to help similar causes and foundations through financial support when possible.** Of course, we give our full support to any individual, group or organization that provides help to people dealing with the loss of a loved one, especially a child, brother or sister.
